Mr. George F. Nelson
Assistant Attorney General
State House
Concord, New Hampshire

Dear George:

Pursuant to our conversation this morning will you kindly send us your interpretation of section 19, chapter 9 of the laws of 1980, particularly as they apply to paragraph 3 with emphasis on the words "the new employee."

Your interpretation of this section is desired in view of the fact that four employees of the laundry at the State Hospital with considerable seniority may be prevented from receiving their pension benefits on the basis of a provision making by the personnel that this section and paragraph therein apply to all employees.

The U.S.A. feels that the interpretation should be on the new, and would not apply to all employees.

Sincerely yours,

/s/ Hon

Hamilton S. Watson
Executive Secretary
